

The HELLA logo is positioned in the top right corner. It features the word "HELLA" in a bold, black, sans-serif font. The letter "E" is stylized with three horizontal bars in yellow, red, and blue. The background of the advertisement is a modern architectural rendering of a house with a large glass terrace. The terrace is furnished with a dining table and chairs, and a sofa. A large, semi-transparent orange shape is overlaid on the right side of the image, partially covering the terrace and the background landscape. The overall aesthetic is clean and contemporary.

HELLA

The main visual of the advertisement is a modern house with a large glass terrace. The terrace is furnished with a dining table and chairs, and a sofa. A large, semi-transparent orange shape is overlaid on the right side of the image, partially covering the terrace and the background landscape. The overall aesthetic is clean and contemporary.

THE NEW ONES FOR YOUR TERRACE

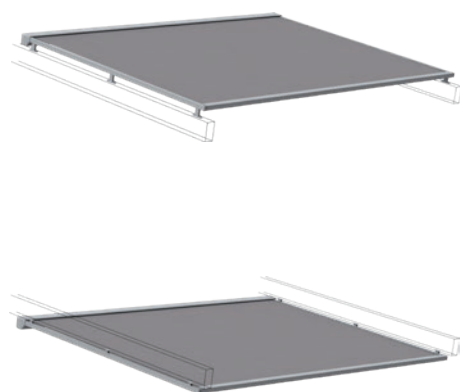

ELEGANZA SOLANYA SOLEYA

OVER-GLASS AND UNDER-GLASS AWNINGS

The new over-glass and under-glass awnings SOLANYA and SOLEYA captivate due to their plain and linear structure. The small cassette of the SOLANYA with only 151 x 131 mm, can be mounted discreetly onto or beneath the terrace roof. Thanks to the small guide rails, roofs up to a surface of 20 m² can be shaded easily and, above all,

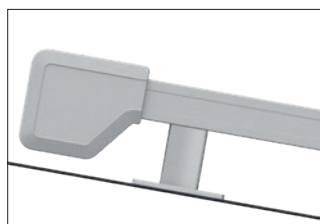

in an aesthetically pleasing way. The larger box of the SOLEYA with 253 x 156 mm can provide shade to terraces up to a surface of 30 m². The design SOLEYA protect with side seam guiding is a seamless and wind resistant design model for a surface of up to 26 m² and with wind protection class 3.

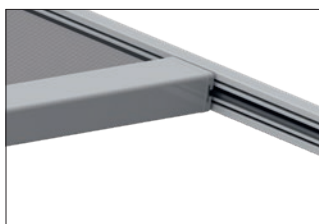

SOLANYA

Limit sizes	Over-glass and under-glass awning SOLANYA
Max. width in mm	4500

Double guide rail 114 x 77 mm

PERGOLA AWNING

ELEGANZA

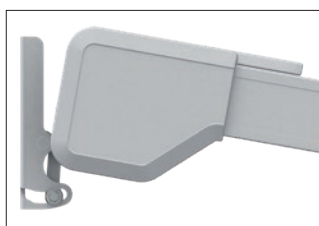

ELEGANZA is a new pergola awning with two columns and with brackets for wall mounting. In the design ELEGANZA protect, the cover is side seam guided. With the 253 x 156 mm cassette, terraces up to 3.4 m deep and 5.5m wide can be shaded. In addition, dimmable LED strips can be in-

tegrated in the guides and in the cassette of the pergola awning of up to 30 m² in size to provide the appropriate ambient light. An optional available Varioplus roller blind as vertical blind can be mounted between the columns as protection against the setting sun.

Limit sizes	ELEGANZA	ELEGANZA protect
Max. width in mm	6000	6000
Max. sloping projection in mm	5500	5500
Max. surface m ²	30	26
