

LUXURY  
OUTDOOR  
FURNITURE

We are a Spanish luxury outdoor furniture brand which designs, manufactures and distributes around the world.

With a solid worldwide distribution network, we have managed to be present in all five continents, being Indonesia our exclusive manufacturing point. Our brand is mainly recognized for our spectacular daybeds, which have been chosen to furnish several spaces in the main hotel chains in the world such as Meliá, Marriott, Riu, Hyatt, Excellence, Hilton and Royalton, amongst others. These pieces contribute to a sophisticated design to the spaces that they furnish, and a pleasant feeling of luxury and comfort to those who enjoy them, both key points of our success. We take a special careful development of our products using high quality materials such as synthetic fibers, aluminum, or waterproof upholstery, that are safe for the environment and 100% reusable. The handmade finishes of the manufacturing process give a special touch of personality to our products.
